- **Actions to stop doing:**
 - The Team should stop working too many hours
 - in order to catch up the team put in extra hours which could results in over working
 - The team should stop holding scrum meetings past 15 mins.
 - In some of our meetings we go past the 15 min mark which defeats the purpose of the scrum meetings.
- **Actions to start doing:**
 - The team will start to hold more scrum meetings
 - We will hold more scrum meetings since they are efficient in communicating
 - The team should schedule more work sessions together
 - It is better for communication and we can encourage each other to work more effectively with less distractions
- **Actions to keep doing:**
 - The team will keep communicating as we have been doing
 - We have been very well communicated, especially since one of our teammates is working and we have managed to keep the line of communication open.
 - The team will keep scrum meetings at 8:00 pm
 - The new schedule is working for the team
