Sprint 2 Plan
8cres App
8cres
04/20/2021 - 05/04/2021
Revision 0: 04/20/2021

Goal:
In this sprint we will save the login information into a firebase database and connect the user to the bank.

User Story 1: As a user I want to be able to connect to my bank.
> task: connect plaid's API to app
> > time: 13 hrs
> Task: pass user information to API to set up a secure connection.
> > time: 7 hrs
> **Total time for User Story 1: 20 hrs**

User Story 2: As a user I want to be able to create an account and have my credentials store in a database
> Task: create firebase database
> > time: 8 hrs
> Task: show names stored in database (firebase)
> > time: 5 hrs
> **Total time for User Story 2: 13 hrs**

Spike: get familiarized with new technologies + figure out app prototype
> Task: learn xCode and get familiar with swift programming language
